School Overview

Dundula State School is in a semi-rural environment, ideally situated only two kilometres from Mackay City gates surrounded by cane fields and the two new residential developments of Ooralee Waters and Cuttersfield Estate.

The school offers relatively small sized multi-aged classes with a population averaging less than one hundred. Our comprehensive school curriculum covers all learning areas with a major focus on literacy and numeracy. We have remote wireless access throughout the school, utilise the NBN network and have a growing infrastructure to support technology use in all classrooms, across all learning areas .

Through Federal funding a new innovative library, a new administration block, staff room and a specialist room have further added to our fabulous existing facilities including the two double tennis courts, two large playing fields, basketball court, cricket pitch and two fully covered playgrounds.

Dundula school community is very supportive of our extra-curricular activities such as our sporting teams, school band and school choir. We have an active P & C who work hard to raise funds to help purchase resources for our children.

Principal's Foreward

Introduction

I am very pleased to present the School Annual Report 2016 for Dundula State School. The following report outlines the academic and social outcomes for the students in our school.

Dundula State School aims to provide a high quality education that assists our students to love learning, develop judgement and a sense of responsibility, understand the past and prepare to embrace the future. We equip Dundula State School students for the future to enable them to contribute to a socially, economically and culturally vibrant society.

Hence, we have positioned our school at the forefront of technology with the integration of interactive whiteboards in every classroom, wireless technology throughout the school, new and improved digital flat screens, enlarged and double spaced classroom spaces and a fabulous Resource Centre. These impressive facilities combined with a high performing teaching staff, provides a quality environment for an enriched learning program.

Our motto is to 'Play the Game' in which we strive to develop core skills and values such as Integrity, Respect, Honesty, Persistence, Tolerance and Inclusion in our students. These social values are evident in our students.

The satisfaction levels of parents, students and staff remained high with a 100% reporting that students were getting a 'good education at this school'. The school has continued our major focus on maximising the learning outcomes of all students, particularly in literacy and numeracy, using explicit instruction.

The School Coach, purchase through the I4S funding, has continued to work with staff to develop teachers' competencies in teaching and children's learning. Our coach also leads the data collection and analysis at our school. This level of Professional Learning has enabled teachers to improve outcomes for students. In this report you will see the progress we have made towards the goals we set in our school operational plan and the future outlook we have for the school. This report gives a brief description of the school and is supported by the most current data from a variety of school analysis tools.

For those looking to change schools for your children, we would welcome you to our wonderful school and community. We believe that through quality practices in the areas of curriculum, interpersonal relationships and school organisation, we develop better social and academic learning outcomes. We continue to strive to make our great state school even greater.

A hard copy of this report is available on request from the school office.

School Progress towards its goals in 2016

Our school improvement priorities for 2016 were spelling, and numeracy with a continued focus on reading and writing.

- ✓ Improvement in Numeracy – 100% of students in Year 3 are performing at or above National Minimum Standard in Numeracy. 25% of students have made a relative gain (2014 – 2016) higher than that of their State Schooling Peers in Numeracy.
- ✓ The school Year 5 spelling mean scale score has improved over both the 2015-2016 and 2008-2016 periods. 67% of Year 3 students and 82% of Year 5 students are achieving at or above the National Minimum Standard for Spelling.
- ✓ Improvement in Reading for all students – 100% of students in Year 3 are performing at or above the National Minimum Standard in Reading and Grammar and Punctuation. 25% of students have made a relative gain (Year 3 - Year 5) higher than that of their State Schooling Peers in Reading.
- ✓ 33% of students achieved in the Upper Two Bands in Year 3 Writing in 2016 while 36% of students achieved in the Upper Two Bands in Year 5 Reading.
- ✓ 72% of students achieved a rating of C or better in English, Maths and Science with 61% of students achieving an A or B standard in Semester 2, 2016
- ✓ 100% of students in Year 3 are performing at or above National Minimum Standard for Writing. 33% of students have made a greater relative gain (Year 3 – Year 5) higher than their State Schooling Peers in Writing.
- ✓ Dundula State School students are achieving a higher Mean Scale Score percentile than the 2016 school ICSEA percentile in 9 out of 10 areas.

To support the building of teaching capacity around the teaching of literacy and numeracy, we have continued to provide professional development to all staff members. In numeracy, we have focused on number as well as a focus on place value and problem solving.

We have continued implementing the Words Their Way Spelling Program, doing spelling inventories each term to track student progress. We have also continued to ensure the implementation of our school-wide reading approach. School and system data reflects an improvement in both spelling and reading by every student in every class in 2016.

We have embedded the use of ICT devices such as interactive whiteboards and flat screens in every classroom. We have also purchased class sets of I pads and 12 new laptops for use across the school.

We enhanced Indigenous education with the introduction of new curriculum units, celebrating indigenous cultures on key dates throughout the year and embedding Aboriginal and Torres Strait Islander Perspectives into our school.

We have implemented the new Maths, English, Science, History, Geography, Civics and Citizenship, The Arts, Technology, Business and Economics and HPE programs based on the New Australian Curriculum and are preparing well for the implementation of the new Digital Technology programs.

We have continued support of CQU graduate teacher program through accepting practicum students. Our school-wide behaviour program is now more consistent and responsive to our school needs.

Future Outlook

Our school's improvement agenda for 2017 is:

- Spelling
- Attendance
- *Lower school* reading
- U2B numeracy

SUCCESSFUL LEARNINGS

Student Learning – to improve academic learning outcomes for all our students in all curriculum areas as well as monitoring social emotional learning – achieving school and regional benchmarks

GREAT PEOPLE

How Information and Communication Technologies are used to Assist Learning

All of our teaching areas from Prep to Year 6 are digitally rich with Interactive whiteboards and interactive flat screen screens. We have class sets of and I Pads for use across the in teaching spaces, laptops and desktops for students and teachers, NBN and wireless access.

Students at Dundula State School are preparing for their future in which Information & Communication Technologies will be an integral part of career options.

ICTs including I Pads are used as a tool to support teaching and learning at our school. Individual students, groups and whole classes can be seen using ICTs to:

- publish stories, reports, other writing
- access apps suitable for reinforcing literacy and numeracy skills
- develop literacy and numeracy skills using software programs, learning objects, websites
- practise typing skills

- do guided research in database programs and on the internet
- create digital art
- use software programs, such as Google Sketch up in design tasks
- develop communication skills through virtual classrooms, edStudio, wikis, blogs and discussion boards in a safe environment;
- use digital and movie cameras and related software to create movies, art works, commercials, documentaries
- design spread sheets, web pages, multimedia PowerPoint presentations

Social Climate

Overview

A warm and nurturing culture is actively encouraged in our school community with:

Transition Program that ensures seamless, stress-free movement through Prep-Prep to prep and through year levels and into high school;

Carefully planned and promoted school and community **events** throughout the year provide opportunities to showcase the spirit and achievements of our students at our school.

Strategies used at our school to address bullying:

- ✓ The school's **Responsible Behaviour Plan** is monitored regularly and reviewed annually
- ✓ Zero tolerance to bullying is enforced
- ✓ Admin and staff **model** positive, caring relationships among all stakeholders in our students' education
- ✓ Invitation to each student and parent to report bullying issues immediately
- ✓ Requirement of staff to address bullying issues immediately
- ✓ Students who have been bullied supported with advice on how to manage difficult situations
- ✓ Students displaying bullying behaviour supported to modify their behaviour and understanding of consequences

School-Wide Positive Behaviour Support Program which supports our 3 School Rules:

- Be Respectful
- Be Safe
- Be Responsible

Features of the program include signage around the school, behaviour continuum, and weekly behaviour focus on Parade, supported with 'Good Ones Awards' and an extensive reward and monitoring program.

- ✓ Students, staff, parents made aware of the stages in our behaviour Program
- ✓ Established respectful interactions between students and staff
- ✓ **Buddy System** for new students which encourages a warm welcome and comfortable transition to our school and understanding of our behaviour expectations

Parent and community engagement

Parents/caregivers at Dundula State School are given many and varied opportunities to be involved in their child's education:

- ✓ Teacher-Parent Communication Books used as a communication tool
- ✓ Parent-teacher nights and Open nights
- ✓ Interviews - formal and informal
- ✓ Volunteering time in classrooms to assist regularly or for special events
- ✓ Cultural, special and sporting events
- ✓ P&C meetings, working bees, events, QCPCA
- ✓ Tuckshop volunteers
- ✓ Formal written reports are provided at the end of Term 2 and 4.
- ✓ Religious Instruction volunteer teachers;
- ✓ Surveys, QSR, Teaching and Learning Audit, Disciplinary Audit
- ✓ Book Fair
- ✓ Grandparents Day
- ✓ Under 8's Day
- ✓ Mother's Day and Father's Day Events

Dundula State School has a proactive Parents and Citizens Association which values the building of a sense of community at the school.

At Dundula, prospective parents who have children with learning difficulties and / or special needs are invited to visit the school and see our classes in operation in order to enable them to witness our inclusive practices first hand. This helps the parents to see how the adjustments we make to assist students with diverse needs so that they can access and participate fully at school.

Respectful relationships programs

The school has developed and implemented programs that focus on appropriate, respectful and healthy relationships. We are at the initial stages of bringing these programs together as we work on developing a revised whole school well-being program, focusing on personal safety and awareness, including identifying and responding to abuse and violence and developing students' knowledge and skills to be able to resolve conflict without violence and to recognise, react and report when they, or others, are unsafe.

School Disciplinary Absences

The following table shows the count of incidents for students recommended for each type of school disciplinary absence reported at the school.

SCHOOL DISCIPLINARY ABSENCES			
Type	2014*	2015**	2016
Short Suspensions – 1 to 5 days	0	0	1
Long Suspensions – 6 to 20 days	0	0	0
Exclusions	0	0	0
Cancellations of Enrolment	0	0	0

* Caution should be used when comparing post 2013 SDA data as amendments to EGPA disciplinary provisions and changes in methodology created time series breaks in 2014 and 2015.

**From 2015, Exclusion represents principal decisions to exclude rather than recommendations for exclusion. From 2015 where a principal decided not to exclude, a small number of recommendations for exclusions have been counted as a long suspension. Exclusions, Cancellations and Long & Charge Suspensions may be upheld or set aside through an appeals process.

Environmental Footprint

Reducing the school's environmental footprint

Staff are becoming more aware of the need for the school to reduce its environmental footprint. Efforts are being made to reduce electricity use by ensuring lights, fans and air conditioners are switched off when the classrooms are not in use. To reduce water consumption we have had taps and hose outlets checked for leaks and have repaired them when needed. We have had Mackay regional Council read-outs ensuring we have no water leaks on the premises. Additional solar panels have been installed to help reduce the school's environmental footprint. Recycling has been a focus and students are seeing the benefits of recycling.

ENVIRONMENTAL FOOTPRINT INDICATORS		
Years	Electricity kWh	Water kL
2013-2014	54,984	264
2014-2015	43,602	439
2015-2016	46,555	192

The consumption data is compiled from sources including ERM, Ergon reports and utilities data entered into OneSchool by each school. The data provides an indication of the consumption trend in each of the utility categories which impact on the school's environmental footprint.

Description of how non-attendance is managed by the school

Non-attendance is managed in state schools in line with the DET procedures, *Managing Student Absences and Enforcing Enrolment and Attendance at State Schools* and *Roll Marking in State Schools*, which outline processes for managing and recording student attendance and absenteeism.

Non-attendance is managed in state schools in line with the DET policies, SMS-PR-029: Managing Student Absences and SMS-PR-036: Roll Marking in State Schools, which outline processes for managing and recording student attendance and absenteeism.

- ✓ Class Rolls are electronically marked, in OneSchool, at the beginning of the day and at the commencement of the afternoon session,
- ✓ Attendance is reported each semester on the student Report Card
- ✓ Children who are late (arrive after 9am) or who leave early (before 3pm), must be signed in/out by a parent in the school's 'arrive late / leave early register' located in the school office
- ✓ Children who arrive late (after 9am) have the time of arrival and any reason for their lateness recorded in OneSchool
- ✓ If a student is absent from school, parents are able to notify the school by written note, the office phone number, school mobile number or email.
- ✓ The school will contact parent/carers if there have been a number of unexplained or high absences reported, or a pattern of late arrivals is detected
- ✓ Home visits to encourage attendance
- ✓ A collection service is offered to parents with reluctant students
- ✓ Certificates and prizes are awarded to students with 95 to 100% attendance each term

Conclusion

Our mantra is that **Dundula State School** is the '*best little country school in town*'

What makes us stand out? Many things, including:

- An amazing and tenacious staff, with varying talents, who collectively create and provide synergy for our teaching team
- Many people have shared that they feel a 'sense of belonging' as soon they enter the gate
- An inclusive approach to education, where children with special needs are in mainstream classrooms and are achieving great things
- A school where everyone (staff, students and parents) take pride in our surroundings
- We have all the things a big school can offer yet the children are educated in a small close-knit school community where people are treated as family
- Above all, we are a caring school, where being respectful, being responsible, being safe and being a learner guide us each day to be the best we can be and to be proud of it.
